My Virtual Puppy

Read this poem and draw a line between each action on the left and the matching description on the right.

I purchased a virtual puppy.
He lives in an app on my phone.
He digs in a virtual garden
to bury a virtual bone.

I feed him with virtual dog food.
I'm teaching him virtual tricks,
like giving me virtual handshakes
and fetching his virtual sticks.

He naps on a virtual sofa.
He likes to chase virtual cats.
Whenever he's good I reward him
with virtual dog treats and pats.

He'll bring me the virtual paper.
He'll chew on a virtual shoe.
There's only one virtual problem.
I clean up his virtual poo.
