Are Aliens Out There?

1. Read the poem and draw your favorite mysterious creature.
2. Write about what is happening in your picture.

Are aliens out there?
Does Bigfoot exist?
Does Loch Ness have monsters
that maybe we missed?

Have krakens been searching
for ships to drag down?
Is Yeti authentic?
Are dragons around?

Are mermaids among us?
Are unicorns real?
What secrets does science
have yet to reveal?

We may never locate
these legends of history,
but isn't life fun
with a wee bit of mystery?
